

Open Thunderbird --> Click Tools --> Account Settings --> Outgoing Server

Click "Use Name and Password" and enter your username → Click OK

The image shows a dialog box titled "SMTP Server" with a blue header and a red close button. It is divided into two sections: "Settings" and "Security and Authentication".

Settings:

- Description: mail.cvinternet.net
- Server Name: mail.cvinternet.net
- Port: 25 (Default: 25)

Security and Authentication:

- Use name and password
- User Name: email@example
- Use secure connection:
 - No
 - TLS, if available
 - TLS
 - SSL

At the bottom, there are "OK" and "Cancel" buttons.
